Pest Control Interior Inspection Prep Sheet

In order for our company to provide the most effective service possible, we ask that before our arrival you review and complete all the necessary preparations listed below. Please be prepared to leave the home if the technician requires it. The following steps will ensure that your Technician is able to inspect your home thoroughly.

Fikes reserves the right to deny service if property is improperly prepared according to these instructions. Inspection charges may still be applied.

How To Prepare For The Service:

Please take the following steps prior to our service to ensure that we can access all spaces for inspection:

- Be ready to leave in necessary when the technician arrives to begin service.
- Any food, food prep, or dishes need to be removed from counters.
- Cabinets, large appliances and furnace must be accessible and able to be moved if needed.
- Remove any items on appliances such as refrigerators, ovens, mini fridges, furnace, etc.
- Floors swept, countertops cleaned of debris.
- General items creating inaccessible areas to be organized and cleaned up.
- Furniture, or any other bulky items, should be pulled away from baseboards at least a foot so that your technician can perform inspect behind the furniture.
- Excess items on furniture to be removed and set aside.

What You Can Expect From The Visit:

This service is NOT a treatment. The technician will only inspect the unit in search of pests. The inspection does not guarantee the absence of pests if none are found. It is imperative all above steps be followed to ensure a thorough inspection can take place.

- DO NOT use other pest control chemicals (powders or sprays) or cleaning products in the home prior to inspection.
- You may place back all Kitchen items after the inspection has concluded.
- Make note of any pest sightings, excrement, strange noises, etc, and pass this information along to your technician for inspection.
